CUSTOM OPTIONS

Additional dimensions, compositions, colours, patterns and branding are available to discuss. Pure wool catalogue sizes extend from 66 x 90 to 110 x 90 inches; merino collection dimensions are 150 x 190 cm. Size availability depends on the selected product.

W37: the source lists 55% polyester, 30% acrylic, 10% cotton and 5% other fibres, but has a conflicting wool entry. Composition requires confirmation. W51-W52: source weight units are inconsistent; confirm weight before ordering. Military-style names describe design; they do not imply military approval or certification.

Specifications are based on the supplied product range. Confirm final dimensions, weight, fibre composition, finish, pricing and lead time with your order. Product photographs show existing designs; colour appearance varies by screen and print.
